

PUBLIC TENDERS ANNOUNCEMENT

A Azule Energy Angola S.p.A, Azule Energy Exploration (Angola) Limited, Azule Energy Angola (Block 18) B.V. e a Azule Energy Angola B.V., Companies operating in Angola in the Exploration, Development and Production of liquid and gaseous hydrocarbons and renewable energies, hereby invite the interested companies to submit their Expressions of Interest (EOI) for the following tenders, as per the table below:

BLOCK (S)	REFERÊNCIA DO CONCURSO	DESCRIÇÃO DOS SERVIÇOS
Block 15/06 Block 18 Block 31	EOI_AZE_B15.06_B18_B31_11_2025	Provision of Sea Transportation by Means of AHTS for Terminal Operations
Block 18 Block 31	EOI_AZE_B18_B31_12_2025	Provision for Inspection Data Management System (IDMS) for Asset Integrity: (An automated solution to support asset register management, with customizable inspection planning, dashboards, SAP integration, anomaly and risk management workflows, inspection result tracking, and remaining life calculations)
Block 31 Block 31/21	EOI_AZE_B31_B31.21_13_2025	Supply of Umbilicals & Technical Assistance Services including: (i) Supply of Umbilical system (Static and Dynamic); (ii) Umbilical System testing; (iii) Aftermarket services; (iv) Technical Assistance during fabrication, installation, precommissioning and commissioning of the Umbilicals System
Block 31 Block 31/21	EOI_AZE_B31_B31.21_14_2025	Supply of Risers & Flexibles including Engineering, Procurement, Fabrication, testing & packing and Technical Assistance Services, including: (i) Fabrication and testing of Flexible risers to be connected to FPSO and relevant ancillaries; (ii) Fabrication and testing of Flexible jumpers and relevant ancillaries
Block 31 Block 31/21	EOI_AZE_B31_B31.21_15_2025	Supply of Rigid Lines Pipes, including: (i) Design, Manufacturing, Supply of Seamless Rigid line pipes (Wet Insulated); (ii) Testing of Rigid Lines pipes
Block 31 Block 31/21	EOI_AZE_B31_B31.21_16_2025	Provision of Project Management Engineering and Supervision Services (PMES)
Block 31 Block 31/21	EOI_AZE_B31_B31.21_17_2025	Provision of Marine Warranty Surveyor Services (MWS) with the following Scope of Work: (i) Project management and verification of engineering documents; (ii) Provision of Services and Supervision of personnel; (iii) Management of accredited management systems and processes; (iv) Management of technical services for the direction, coordination and interaction of the phases, areas and elements of services related to the process; (v) Approval of environmental criteria limitations ("seastate", "windspeed", etc.) for all maritime operations; (vi) Confirmation that vessels proposed for offshore operations have a valid IACS certification and are suitable for the proposed operations (certificates must remain valid for the duration of the maritime operation); and (vii) Mandatory participation in relevant meetings related to high-risk activities

Companies interested in one or more invitation above listed may submit their Expression of Interest within 10 Business Days counting from the date of this publication, by sending an email to vendor.application@azule-energy.com, mentioning the EOI reference(s) as per the above table and providing the documents associated with the following minimum requirements:

- Company Presentation Letter with a description of services and equipment's offered, and presentation of the respective teams together with CVs and HSE policies;
- Tax Identification Number (NIF);
- Scanned copy of the Commercial Certificate duly updated (National Companies), with an issue date not exceeding 3 (three) months;
- Evidence of the company's shareholder structure, with a list of all shareholders up to the final beneficiary(ies);
- Certificate / Evidence of the supplier registration in the Nacional Concessionaire System (ANPG) – to register, you must access the website <https://anpg.co.ao/> in the "Local Content" area and "Supplier Registration" section;
- Last three (3) years Financial Statements and Annual Reports including Balance Sheet, Profit and Loss and Cash Flow Statement (preferably audited);
- Name of the contact person responsible for receiving the qualification package and other information and documentation.

TECHNICAL REQUIREMENTS:

EOI_AZE_B18_B31_11_2025: Provision of Sea Transportation by Means of AHTS for Terminal Operations:

- Tender must ensure that the proposed Contracting Entity/ies are operating and owning the proposed Vessel/s, holding a valid DOC (ISM Document of Compliance) released by an IACS Classification Society allowing the TENDERER (and its proposed Contracting Entity/ies) to operate the proposed vessel in compliance with the International Safety Management Code applicable;
- The DOC that has 5 years validity and must report the annual verification(s) by the Classification Society who released the Certificate.

EOI_AZE_B18_B31_12_ref_2025: (Provision for new Inspection Data Management System (IDMS) Software for Asset Integrity Team):

- Creation and maintenance of a detailed asset register: The software must be able to keep the asset register including the design, manufacturing and operational details of the equipment. The software must be able to keep various technical documents related to the equipment e.g. P&IDs, drawings, photographs;
- Inspection data management: The software must support automatic data entry for inspection results, including wall thickness readings and images;
- Automatic Corrosion Rate and Remaining Life Calculations: The software must automatically calculate corrosion rates based on inspection results, and it must automatically calculate the remaining life of assets using inspection data;
- Anomaly management: The software must support anomaly management workflow process i.e. anomaly review, approval etc;
- SAP Integration: The software must support data synchronization with SAP, our work management tool, for tracking inspection work order (WO) progress.d

EOI_AZE_B31_B31.B21_13_ 2025: Supply of Umbilicals & Technical Assistance Services including:

- Details of relevant and verifiable experience in Umbilicals System (EPC), including Deepwater Project Management (>1000m) as main contractor and After Sales Services;
- Details of relevant and verifiable experience in Designing, Acquiring and Manufacturing dynamic Umbilical with Steel Tubes to be connected to the FPSO.

EOI_AZE_B31_B31.21_14_ 2025: Supply of Risers & Flexibles including Engineering, Procurement, Fabrication, testing & packing and Technical Assistance Services, including:

- Experience in Deepwater Projects as main EPCI Contractor Flexible Risers and Jumpers including Project Management, in deep water (>1500m);
- Experience in design and fabrication of dynamic risers to be connected to a FPSO.

EOI_AZE_B31_B31.21_15_ 2025: Supply of Rigid Lines Pipes, including:

- Evidence of Experience in design and manufacturing Seamless Rigid Line Pipes suitable for Oil & Gas Industry;
- Evidence of: Manufacturing Facilities, Test Facilities / Laboratories and Quality Certificates.

EOI_AZE_B31_B31.21_16_2025-Provision of Project Management Engineering and Supervision Services (PMES):

- Proven experience in providing Services related to resource mobilization in Angola and abroad;
- Proven experience in mobilizing resources, in different parts of the world, simultaneously;
- Proven experience in “SME” activities for large offshore developments (Oil and Gas), over the last 5 years.

EOI_AZE_B31_B31.21_17_2025: Provision of Marine Warranty Surveyor Services (MWS) with the following Scope of Work:

- Recognition as a Maritime Inspection Guarantee Service Provider by major International Insurance companies recognized by Azule Energy (mandatory presentation of References);
- Minimum proven experience of 15 years as a Provider of the Services described above, with emphasis on large-scale and complex projects in deep offshore waters and experience of large-scale and complex offshore projects in Angola.
