

## PUBLIC TENDERS ANNOUNCEMENT

**A Azule Energy Angola S.p.A, Azule Energy Exploration (Angola) Limited, Azule Energy Angola (Block 18) B.V. e a Azule Energy Angola B.V.,** Companies operating in Angola in the Exploration, Development and Production of liquid and gaseous hydrocarbons and renewable energies, hereby invite the interested companies to submit their Expressions of Interest (EOI) for the following tenders, as per the table below:

BLOCK (S)	REFERÊNCIA DO CONCURSO	DESCRIÇÃO DOS SERVIÇOS
Block 15/06 Block 18 Block 31 NGC	EOI_AZE_B15.06_B18_B31_NGC_18_2025	<b>Provision of a digital radio system to operate in a range of HF frequencies connecting its most relevant sites located in the Angolan territory</b>
Block 15/06 Block 18 Block 31	EOI_AZE_B15.06_B18_B31_19_2025	<b>Provision of an Integrated Light Well Intervention Services</b>
Block 18 Block 31	EOI_AZE_B18_B31_20_2025	<b>FPSO: Integrity Management (onshore Engineering and technical support)</b>
Block 18 Block 31	EOI_AZE_B18_B31_21_2025	<b>FPSO: Maintenance Inspections (offshore execution inspections)</b>
Block 15/06 Block 18 Block 31 NGC	EOI_AZE_B15.06_B18_B31_NGC_22_2025	<b>Provision of Counterparty Due Diligence (CDD) services</b>
Block 31 Block 31/21	EOI_AZE_B31_B31/21_23_2025	<b>Provision of Geophysical and Geotechnical Survey including:</b> i) Provision of adequate research vessels, equipment and personnel ii) o Acquisition, processing, interpretation and transmission of appropriate Geophysical and Geotechnical data
Block 18 Block 31 NGC	EOI_AZE_B18_B31_NGC_24_2025	<b>Provision of Sea Transportation by Means of Infield Transfer Vessels (ITVs)</b>

Companies interested in one or more invitation above listed may submit their Expression of Interest within 10 Business Days counting from the date of this publication, by sending an email to [vendor.application@azule-energy.com](mailto:vendor.application@azule-energy.com), mentioning the EOI reference(s) as per the above table and providing the documents associated with the following minimum requirements:

- Company Presentation Letter with a description of services and equipment's offered, and presentation of the respective teams together with CVs and HSE policies;
- Tax Identification Number (NIF);
- Scanned copy of the Commercial Certificate duly updated (National Companies), with an issue date not exceeding 3 (three) months;
- Evidence of the company's shareholder structure, with a list of all shareholders up to the final beneficiary(ies);
- Certificate / Evidence of the supplier registration in the Nacional Concessionaire System (ANPG) – to register, you must access the website <https://anpg.co.ao/> in the "Local Content" area and "Supplier Registration" section;
- Last three (3) years Financial Statements and Annual Reports including Balance Sheet, Profit and Loss and Cash Flow Statement (preferably audited);
- Name of the contact person responsible for receiving the qualification package and other information and documentation.

### **TECHNICAL REQUIREMENTS:**

#### **EOI\_AZE\_B15.06\_B18\_B31\_19\_2025 - Provision of an Integrated Light Well Intervention Services:**

- The main Scope for this tenderer is to perform Well Intervention in Riserless Mode for Production Logging Test (PLT), Water Shut-Off (WSO) and Acid Stimulation;
- The objective is to isolate water bearing levels on 3 firm wells, and pump acid in bull heading to reduce impaired productivity on 1 firm well;
- Minimum requirements for Integrated Light Well Intervention Services (Personnel, Downhole Intervention Equipment, Well Re-Entry Package, Coiled Tubing & High-Pressure Pumping Equipment and supplies, Slickline/Wireline Package and IWOCs Systems) to be used for the planning and execution of Light Well Intervention.

**EOI\_AZE\_B31 & B31/B21\_23 2025: Provision of Geophysical and Geotechnical Survey:**

- **Experience:** i) in deep water (from 300m to 1700m) of Geophysical and Geotechnical survey; ii) operating in “seabed” mode for “in situ” testing and sampling up to 20m depth below the seabed; iii) in “downhole drilling” mode and/or operation in seabed drilling mode for “in situ” testing and sampling through drill pipes; iv) in Acquisition, processing, interpretation and transmission of appropriate Geophysical and Geotechnical data;
- **Work:** a) Experience previously worked in Angola in Geophysical and Geotechnical Survey; ii) have a Local office in Angola;
- **History of Geophysical and Geotechnical Surveys carried out worldwide and in “Offshore”:** Company will have to specify the water depth, the depth of the hole below the seabed and type of soil/rock samples related to the geotechnical surveys.

**EOI\_AZE\_B18\_B31\_NGC\_24\_2025: Infield Transfer Vessels (ITVs):**

- Tender must ensure that the proposed Contracting Entity/is are operating and owning the proposed Vessel/s, holding a valid DOC (ISM Document of Compliance) released by an IACS Classification Society allowing the TENDERER (and its proposed Contracting Entity/ies) to operate the proposed vessel in compliance with the International Safety Management Code applicable;
- The DOC that has 5 years validity and must report the annual verification(s) by the Classification Society who released the Certificate.
