
Block 15/06

A Flagship asset shaping Angola's energy future.

Located in Angola's offshore Lower Congo Basin, Block 15/06 is one of the country's most important producing assets and a cornerstone of Azule Energy's operated portfolio.

Operated by Azule Energy, the block combines producing assets, new developments and exploration opportunities that continue to create value for Angola and its partners. Through innovation, operational excellence and responsible resource development, Block 15/06 plays a key role in supporting Angola's energy sector and long-term economic growth.

Key facts

Partners

Sonangol E&P (36.84%)

SSI Fifteen Limited (26.32%)

Producing facilities
